

FAN (Family Advocacy Network) Club

Brief Program Description

FAN Club is designed for parents of participants in Boys and Girls Clubs of America's SMART Moves program, including Start SMART (ages 10 to 12), Stay SMART (ages 13 to 15), and SMART Leaders, which is designed for 14- to 17-year-olds who have completed the Stay SMART program. Combined with these other SMART Moves components, the program can be implemented in community-based youth organizations, recreation centers, and schools, in collaboration with a local Boys and Girls Club.

This parent involvement program is offered in combination with a 3-year sequential drug prevention program for early adolescents at high risk for substance abuse in Boys & Girls Clubs. FAN Club activities fall into four general categories: basic support, parent support, educational program, and leadership activities. The program strengthens families by creating a bond between youth and their parents, providing opportunities for families to have fun together, and helping parents influence their children to lead drug-free lives.
